### REFLECTIVE BIKE LANE SEPARATOR

Material: 100% recycled PVC/ 100% recyclable.

Colour: Black. (With approved paint with spheres to increase its visibility / high intensity reflective strip and photoluminescent piece)

Color of the photoluminescent piece: Green.

Weight: 6.5kg.

Dimensions: 700x160x100mm.

Recommended anchoring screws: 12x100 mm.

Attenuation time of the photoluminescent piece, according to UNE 23035 standard: Greater than 26,600 minutes.

### PHOTOLUMINESCENT TRUNCATED BEACON

Material: Truncated cylinder with 100% recycled/100% recyclable plastic body and embedded photoluminescent piece.

Cylinder color: Terracotta (Imitation wood).

Color of the photoluminescent piece: Green.

Height: 65mm.

Width: 86mm.

Base: 125mm.

Diameter of the photoluminescent piece: 67 mm.

Weight: 0.550kg

Attenuation time of the photoluminescent piece, according to UNE 23035 standard: Greater than 26,600 minutes.

### ECO-PHOTOLUMINESCENT BEACONS

Material: 100% recycled PVC/ 100% recyclable.

Shaft colour: Terracotta (Imitation wood).

Color of the photoluminescent piece: Green.

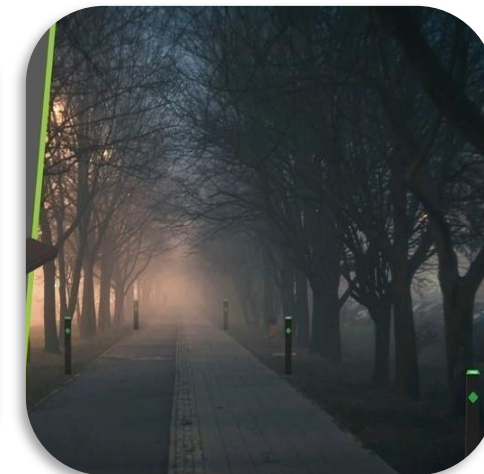

Shaft height: 700 mm. (Various measures optionally)

Embedment: 200 mm.

Shaft width: 100 mm.

Shaft thickness: 30 mm.

Attenuation time of the photoluminescent piece, according to UNE 23035 standard: Greater than 26,600 minutes.

### BOLLARD/FIXED REFLECTIVE BOLLARD

Material: 100% recycled PVC with iron tube inside.

Main features: Identical appearance to one made of iron or cast iron (No rust / Zero maintenance)

Great resistance to fats, oils and many solvents (high resistance to abrasion).

Color of the reflective band: White.

Height: 1004mm.

Diameter: 100mm.

Useful installation height: 814 mm.

Colors: Black / Red / Other colors consult.

Weight: 6.00kg

## KERB

Material: 100% Recycled PVC/ 100% recyclable.

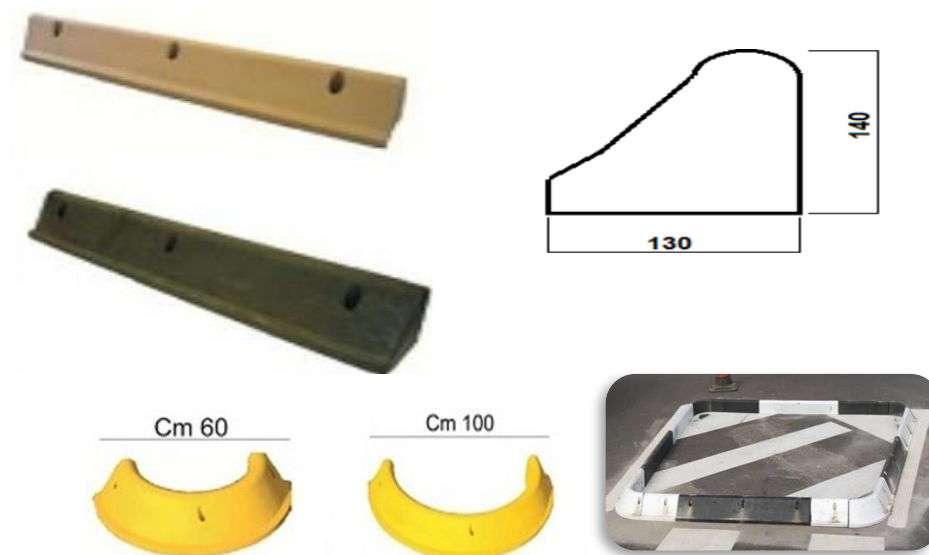

Color: Black, Yellow, White.

Straight kerb weight: 11.5 kg.

Curved kerb weight: (R.30: 6 kg / R.50: 11 kg)

Straight kerb dimensions: 100x13x14 cm.

Curved kerb dimensions: 60x13x15 cm.

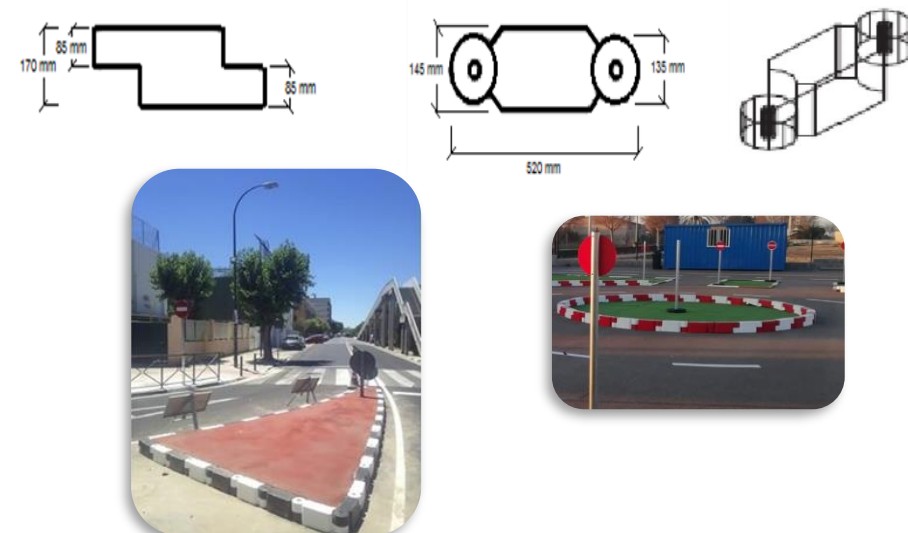

## JOLLY KERB

Material: 100% Recycled PVC and 100% recyclable.

Color: Black, White, Yellow, Red.

Measurements: 520x145x170 mm.

Weight: 5.95kg

## SCUPPER

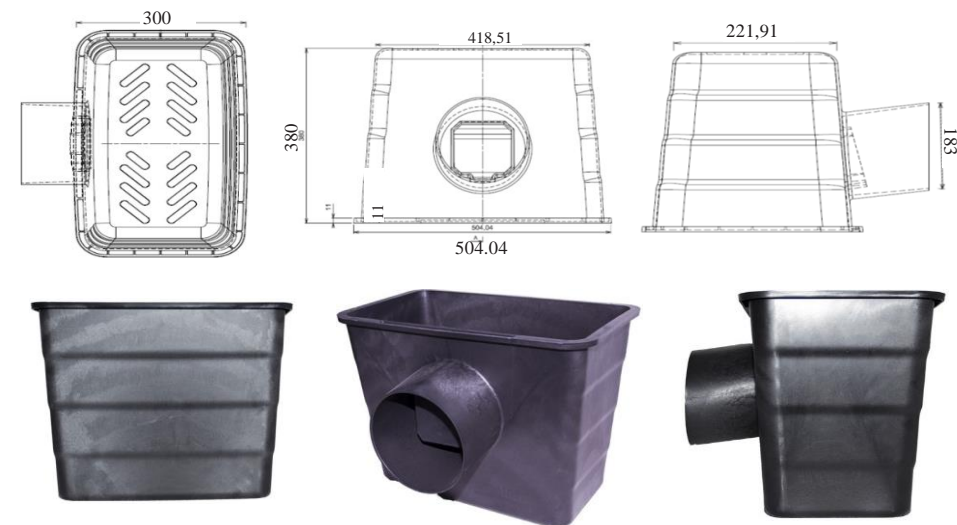

Material: PP + EPDM recycled and recyclable

Colour: Black.

Weight: 2.46kg

Tolerance: General angular tolerance +3 or general tolerance +0.2

Measurements: MM

## CLAPPER

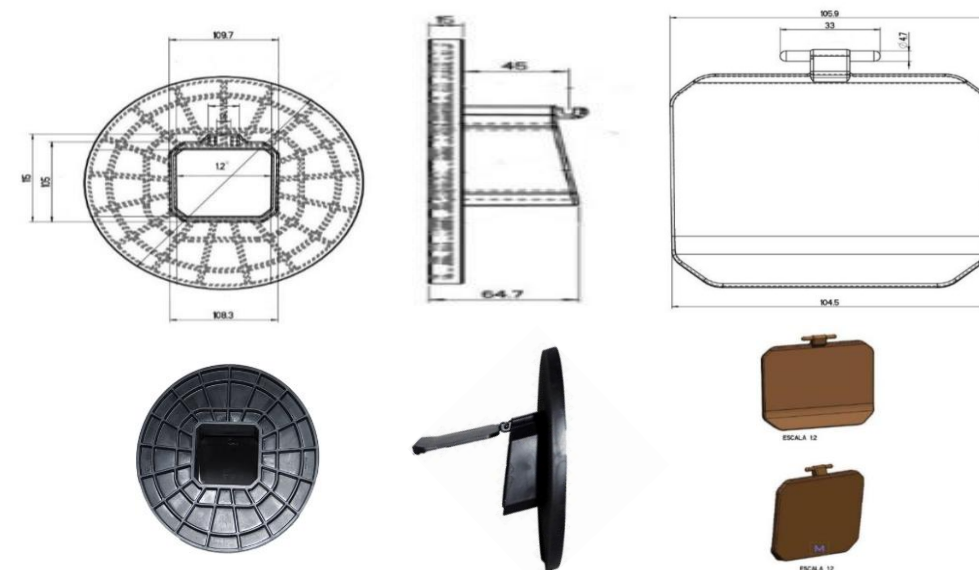

Material: PP + EPDM recycled and recyclable

Colour: Black.

Tolerance: General angular tolerance +3 or general tolerance +0.2

Weight: 0.300kg

Measurements: MM

## BUMPERS / CORNER BUMSP

Material: 100% recycled PVC/ 100% recyclable.

Colour: Black.

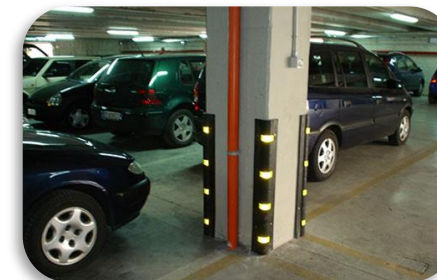

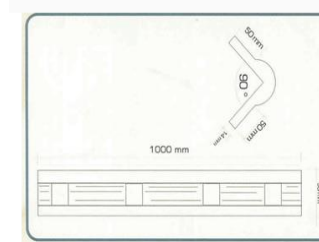

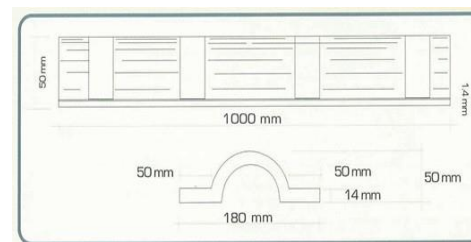

Measurements 180°: 1000x180x14 mm.

Measurements 90°: 1000x10.5+10.5x14 mm.

Color: Black with reflective yellow tape.

Weight 180°: 5.5 kg

Weight 90°: 4.5 kg

## DOUBLE T / HERRINGBONE "BETONELLA" PAVING

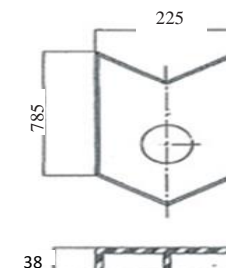

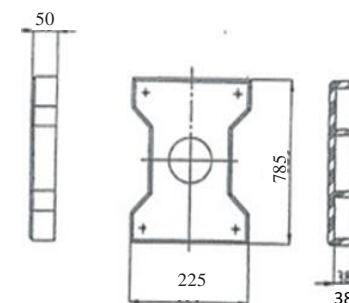

Material: 100% recycled PVC/ 100% recyclable.

Space between pieces: 5 mm.

Colors: Black.

Weight: 1.30kg

Measurements: MM

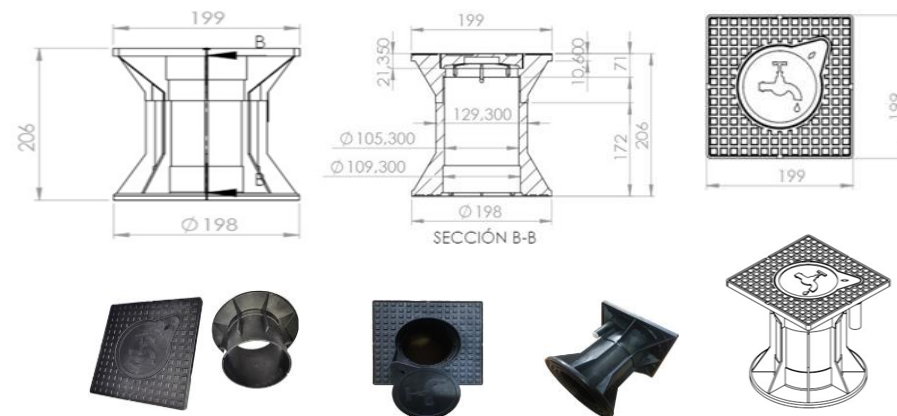

## CHAMBER

Material: 85% Recycled PP/15% Rice Husk

Colour: Black.

Measurements: MM.

## SEWER COVER

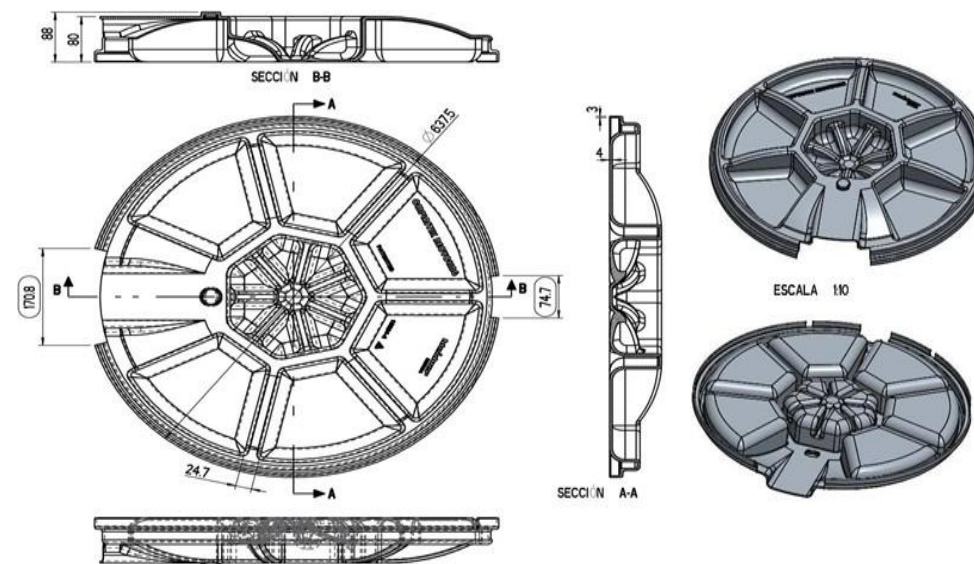

Material: 100% recycled and recyclable PVC

Colour: Black.

Resistance: 80/85 SHA

Weight: 3.46kg

Measurements: MM

## MODULAR ROUNDABOUTS

Material: recycled/recyclable PVC

Colour: Black/Yellow/White.

Inside/Outside Diameters Available:

Ext. (meters) / Int. (meters)		Ext. (meters) / Int. (meters)	
5.10	3.10	12.00	10.00
6.60	4.60	13.80	11.80
7.20	5.20	15.00	13.00
7.65	5.65	15.90	13.90
8.30	6.30	18.00	16.00
9.90	7.90	20.10	18.10

## STOP PARKING

Material: 100% recycled PVC/ 100% recyclable.

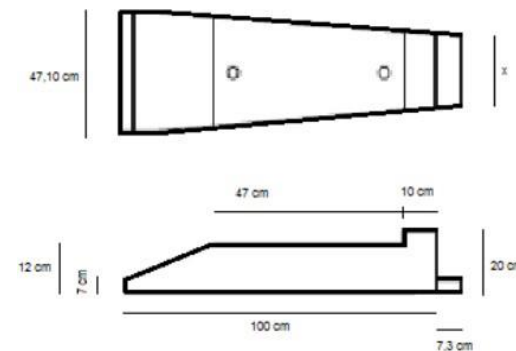

Colour: Black. (with high intensity yellow reflective strip)

Weight: 6.5kg.

Dimensions: 700x160x100mm.

Recommended anchoring screws: 10x100 mm.

x = dimension variable enfuncion del diametro  
x = variable dimension in function of the diameter
